Sponsor a class of puppies

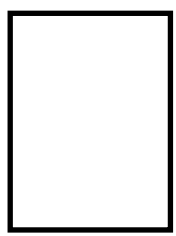

Every life-changing guide dog starts off as a tiny, playful puppy and now your school or group can follow our class of 3 guide dog puppies in training.

It's fun and rewarding - Your school or group will have the unique opportunity to sponsor a class of three real guide dog puppies, getting 'Pupdates' on their progress and photos of each pup so you can see how much they've grown. With each Pupdate you'll receive teaching resources and class activity sheets covering a range of topics: from how guide dogs train to what it's like to be visually impaired, along with a sticker collection for each child.

How can our school or group get involved?

To get involved, all you have to do is raise £300 for Guide Dogs. Once you've reached your target you'll start your amazing journey with your very own class of 3 pups - sharing every step of their adventure as they grow from tiny puppies into responsible guide dogs.

Your school or group can help us transform the lives of people with sight loss. Around 180,000 people who are blind or partially sighted in the UK rarely or never leave home. So we need your help to create more life-changing guide dog partnerships.

The guide dog service receives no government funding. By sponsoring a class of 3 guide dog puppies your school or group can help us to continue to provide and grow the guide dog service.
