Thornley Wood Planting Day

THORNLEY ROAD, TOW LAW

In 2017, with the help of local schools, community groups, Wolsingham Parish Council and Durham Wildlife Trust's Heart of Durham Project over 1300 trees have been planted. With a further 400 planted in December donated by the Woodland Trust. This year a grant from Durham County Council will allow us to plant trees for a hedgerow around the edge of the site and we would like you to join us at Thornley Wood, a fabulous community site, just below Tow Law, a site with the best views over Weardale. Come along and plant your section and then watch it grow over the years.

Be prepared for all weather, please wear sturdy footwear.
