Coronavirus: Support in County Durham

Durham County Council is here to help. We understand that the coronavirus is making life very difficult for many people and it can be difficult to access the basics. Many of you will be getting help and support from friends, relatives or local groups. Through **#CountyDurhamTogether** we are ensuring you get the help you need, either through established networks, or from us.

You can find a list of local support groups and organisations that provide assistance on the council's 'Locate' website www.durhamlocate.org.uk just click on the coronavirus section which will guide you to the help you need.
